

## **Sprint 2 Report**

**Project Name:** Tutor Trade

**Group Name:** Slug Tutors

**Date:** 7-16-19

### **Actions to stop doing:**

- We need to improve our use of Github. Merge conflicts have been reduced but we still face merge conflicts at times.

### **Actions to start doing:**

- We should start to work more collaboratively.
- We need to comment our code even more now that the project is becoming larger and more connected.
- Check in with each other, especially if we are working on the same task.

### **Actions to keep doing:**

- Continue to communicate and continue to attend meetings on time.
- Continue using resources to learn technologies

### **Work completed/not completed:**

- Sprint 1: User story 1, completed.
- Sprint 2: User story 1, not fully completed but very close.
- Sprint 2: User story 2, not fully completed but very close.

### **Work completion rate:**

- User stories completed: 0
- Estimated ideal work hours completed: 28
- Total number of days in sprint: 7
- Average user stories/day : 0
- Average ideal work hours/day: 4

### Work completion rate across all sprints to date:

- Average user stories/day : 0.07
- Average ideal work hours/day: 4.8

**Note:** Although, the team did not fully completed the User Stories for Sprint 2. We were very close to completing them all. The team has been putting many more hours that are not displayed here. Learning the technologies and reading numerous resources to get closer to completing tasks. They just haven't been ideal hours but there are at least 20 additional working hours, an effort that can't be displayed here.

### Final Sprint BurnUp Chart:
